St. Joseph Mission School 2022 - 2023 Parent/School Partnership Agreement

Since its founding in 1923, St. Joseph Mission School has fostered a relationship with parents to educate their children in the tradition and faith of the Roman Catholic Church. Parents have an important role in the education community; their primary and natural responsibility is raising their child in the Catholic Faith. In a strong Catholic school community, parents and educators work as partners to nurture growth in their children.

When parents enroll their children at St. Joseph Mission School, they have certain expectations of the school, its teachers and administrators. The school, likewise, has certain expectations of the parents. This creates a partnership between educators and parents. We believe that this partnership is built on a foundation of communication, mutual trust, respect, and honesty.
